PLANTING SEASON—1916

ANDERSON & CO., LIMITED,

Seedsman & Plant Merchants,

GEORGE STREET, SYDNEY

Australia

ANDERSON'S "SATISFACTION."

ANDERSON'S SELECTED STOCKS.

Samples this season are very good, and our stocks are in prime condition. All Potatoes we send out are twice handled, and are the best seed that can be supplied, and, under favorable conditions, will give our friends the greatest satisfaction.

We are only offering varieties well known, and proved to be first class in every way.

Anderson & Co., Ltd.

Early Manistee. (New). The Agricultural Department, who think very highly of this new variety, supply the following description:— "An introduction of American origin, claimed to be a seedling of 'Early Rose,' and a fine early variety, the vines are strong and vigorous, Tubers round to oblong or long, and flattened. Eye shallow, skin light pink or rose-colored, flesh pure white, sometimes showing a rose tint when cut. The Potato is of high cooking quality." (Our supply is limited.)	—	10/-	6/-
	71b.	for	4/-
Anderson's Improved Early Rose. This grand variety is well known, it is everybody's favorite, very reliable and early. Our supply this season is exceptionally fine, and has been specially selected and picked for our own trade. Special rates for 1-ton and ½-ton lots.	16/-	4/6	2/6
Anderson's Satisfaction. One of the finest Potatoes grown, originally named and first sent out by our firm; it is now a standard variety, a very sure cropper, good, firm flesh, a heavy Potato, rich brown skin, sometimes almost pink.	14/-	3/9	2/3
Anderson's Southern Star. We also named and sent out this Potato when "Northern Star" was first offered here; it is a lovely Potato, pale pink skin, with dark eye; a fine table variety, a sure cropper; mid-season variety.	15/-	4/-	2/6
Manhattan. A very distinctive Potato, skin being purple, mottled with yellow and white; grows to a large size; a heavy cropper, and very hardy.	15/-	4/-	2/6
Up-To-Date. Owing to a large demand for this variety last season, we have made good arrangements for a special lot, selected for our trade. Up-to-Date is a fine cropping variety, somewhat kidney-shaped, eyes well set, white skin, somewhat rough.	14/-	3/9	2/-

SPECIAL QUOTATIONS FOR LARGE LOTS OF ALL VARIETIES.

Anderson's Choice Seed Potatoes

NAMES AND DESCRIPTIONS.	PRICES.		
	Per cwt.	Per 28-lb.	Per 14-lb.
Snowflake. A splendid table Potato, one of the very best white varieties grown; boils dry and floury, and is an excellent all-round Potato; yields well, and keeps well.	14/-	3/9	2/3
Cambridge Kidney. A second-early variety of Kidney, but of excellent quality, and a heavy cropping Potato. It has the true Kidney flavour, and is always in demand, especially for small gardens.	16/-	4/6	2/6
Extra Early Vermont. Very like Early Rose, with perhaps a slightly darker skin, and, in some places, a little earlier, and often, in land that suits it, yields a heavier crop. A Potato always in demand, and keeps fairly well. Special prices for 1-ton and ½-ton lots.	16/-	4/6	2/6
Breese's Peerless. A fine, white Potato of good quality, and yields well; longish in shape, with a dull, russety skin; suits light ground best, good flavour.	14/-	3/9	2/3
Alpine Wonder. This variety has been proved beyond doubt to be "frost resistant;" our stock this season comes from our first source of supply, and are very fine; this Potato produces large crops; red skin, somewhat the shape of Early Rose.	30/-	10/-	6/-
Carmen No. 1. A fine round Potato, with shallow eye. The grower says it is of very superior quality; a fine table variety, keeps well, and yields well; one of the newer white-skinned Potatoes.	15/-	4/-	2/6
Coronation. One of the blue-skinned Potatoes now so much in demand; slightly mottled. Comes from cold country, and is late in maturing; an excellent variety. Stock limited.	15/-	4/-	2/6
Premier We had a few of these last year from cold country, and they have done well. Oblong in shape, with a clear reddish skin; a very fine table Potato of fine quality; a late variety, but keeps well	15/-	4/-	2/6
Brownell's Beauty. This is one of the standard varieties, always to be relied on; good cropper, and a favorite with growers for market; one of the very best all-round varieties.	14/-	3/9	2/3
Queen of the Valley. A main crop or second-early fine round Potato, with a roughish red skin, largely grown in cold districts. We have a nice stock this season; a good cropping variety, and fine for table.	14/-	3/9	2/3

ANDERSON'S IMPROVED "EARLY ROSE"

BROWNELL'S "BEAUTY."

OUR SEED POTATOES are Specially Selected, and as far as we can possibly protect them, our Customers get the best Seed procurable.

Katoomba Street. Katoomba, 11th April, 1916.
You will be glad to know our Potato crop has averaged 8 tons per acre, in spite of the heavy frosts in November, and prices have been unusually high.

MESSRS. HOUSE BROS.

Clover Hills, Beechwood, 14th April, 1916.
Thanks very much for sending the Potatoes, they were beautiful seed, and there is every appearance of a good crop.

MR. THOMAS McKENNA.

Langlea, Hillston, 6th June, 1916.
I had excellent results from the "Early Rose" Seed Potatoes that I got from you last year.

MR. O. M. THOMAS.
